**ANNUAL REPORT**

# 2017-2018

## NOTE FROM THE PRESIDENT

---

During the 2017-2018 year, we celebrated the 105th Anniversary of the Junior League of Washington. What a wonderful year of celebrations we had! When we began the year, we set out to celebrate our League, our members, our community, and our bright future.

Our League. Our 105-year history, brought to us by the women leaders who came before us and shaped this League. They had the dedication to our mission of promoting voluntarism, developing the potential of women, and improving communities through the effective action and leadership of trained volunteers. They also had the foresight to ensure for its viability. During our 105th year, we remained focused on our strong organization and on its sustainability.

Our members. We are a broad and diverse group of women connected through a shared purpose and commitment to our mission. This year, we solidified our commitment to Diversity & Inclusion. We also deepened our commitment to developing ourselves as leaders in our community through increased efforts around leadership development and training.

Our community. We celebrated our presence in the community. Our members continued to enrich our community through direct service to more than 20 different nonprofit organizations across the area. Our volunteers, out in force every week, are a truly visible sign of our mission at work.

And finally, our future. With the launch of our new Strategic Plan, Impact 2022, we remain committed to the strategic direction of our League so that we may come together for the next milestone anniversary and be even stronger than we are today.

We are grateful for our more than 2,300 committed members, our tireless professional staff, our community partners, and our many donors and supporters for giving us so much to celebrate this year!

## MISSION

---

The Junior League of Washington strives to be a vibrant presence in the lives of the women and children in the greater metropolitan area of the District of Columbia, serving as a resource throughout the community to effect positive change, seek common ground, and inspire hope.

## FOCUS

---

The Junior League of Washington is proud to focus our financial and volunteer resources on the complex issues of literacy in the greater metropolitan area of the District of Columbia. The JLW defines literacy as “an individual’s ability to read, write, and speak English and to compute and problem-solve at levels of proficiency necessary to: function on the job and in society, achieve one’s goals, and develop one’s knowledge and potential.” (This definition is based on the definition from the National Literacy Act of 1991.)
